DETAILED ACTION

Response to Amendment

1. In response to the Office Action mailed August 4, 2005, applicant submitted an amendment filed on December 5, 2005, in which the applicant amended independent claims 1, 12 and 19 to include the allowable subject matter of claim 7.

Allowable Subject Matter

2. **Claims 1-5 and 8-20** are allowed.

The following is a statement of reasons for allowance:

As for independent claims 1, 12 and 19, they recite a method and system for determining a compact model to transcribe a language acoustically based on well-defined basic phonetics. Prior art such as Bordeaux, Shu and Karaali show similar methods and systems but fails to teach the recited method and system wherein said text-to-speech phonetics set is reduced by using allophones and adding symbols representing the phoneme to be geminated, to provide a minimize set of phonemes, which helps reduce memory consumption and fast execution of word editing.

Dependent claims 2-5, 8-11, 13-18 and 20 are allowed because they further limit their parent claims.
